

## WHA-500 UVC AIR PURIFIER

Perfect for smaller environments such as kitchens, small offices and retail shops. Purifies rooms up to 35m<sup>2</sup>

### Small but smart performance

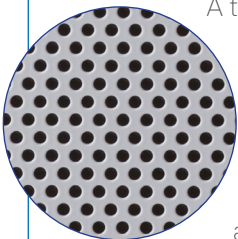

Useful, convenient and smart performances like automatic air volume control, timer setting, alarm for filter exchange, night ECO mode, etc.

### Real-time display of air quality

Check air quality at a glance with the colour of LED on the front side, with the dust sensor able to detect PM 2.5 [ultrafine particle].

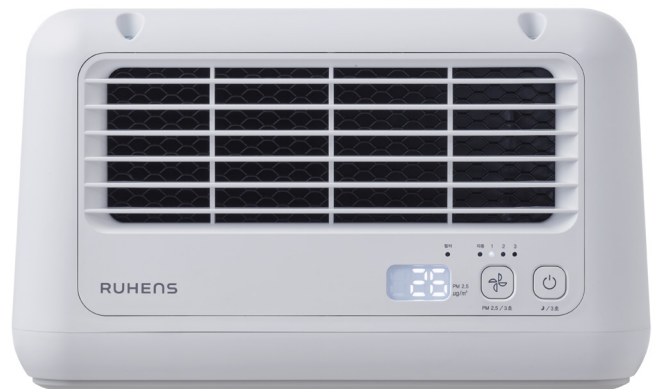

### Powerful air-cleaning with 2367 air holes

A total of 2367 air-holes are placed on the front side of the WHA-500. These air-holes purify the air by absorbing polluted air in the room, including ultrafine particles, as well as reducing odours to keep indoor air clean.

Ruhens Air Purifiers are setting the standard in clean air. Our air purifiers remove up to **99.9%** of airborne contaminants.

### Clean 4-Stage Filtration System

Keeps the room air fresh and clean by removing bacteria, odours, germs and toxic substance [ammonia, hydrogen sulfide, acetate, etc.] through a H13 grade ultra-fine particle free filter system.
