

WHA-200 AIR PURIFIER

Perfect for smaller environments
such as kitchens, small offices
and retail shops

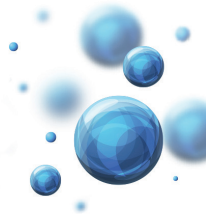

Smart Sleep Mode

The airflow speed and light will be optimized automatically during sleep mode for a more pleasant slumber.

Removal of ultrafine particles (PM 1.0)

Not only fine dust but also ultrafine particles that are harmful to the human body are removed.

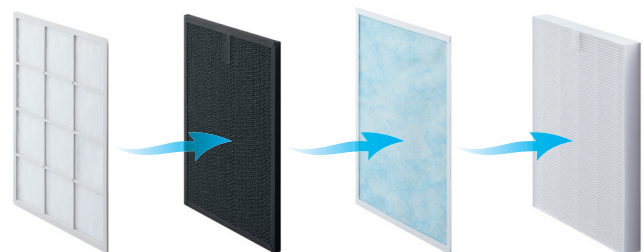

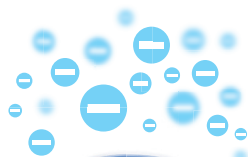

The 4-stage LED lamp

A sensor detects the indoor air pollution level and displays its degree of air pollution through four different colours.

Advanced technology for air cleaning

RUHENS purifiers create a pleasant air by emitting an ion cluster which effectively removes germs and microorganisms, such as staphylococcus aureus, from the air.

Clean 4-Stage Filtration System

Eliminate harmful viruses like dust, bacteria and mildew through the 4-stage filtration system (Pre-filter, deodorization filter, antibacterial filter and HEPA filter).

WHA-200 AIR PURIFIER

TECHNICAL DATA

Size of Unit (h x w x d)	642 x 430 x 280
Weight (including filters)	6 kg
Consumption	34W
Reach	Up to 45 sqm
Power	220v. 60hz
Air Intake/Outlet	Front / Top
Sound Levels (dB)	28.1db Low 48.6 High
Colour	Sky Blue Front / Warm White
Air Flow (CADR)	4.18 m3/min
Operating Temp	41 to 105 F
Warranty	3 years parts and labour
Housing Material	UV Stabilised ABS
Configuration	Floorstanding
ESC	Conforms to CE, ETL

Ruhens Air Purifiers are setting the standard in clean air. Our air purifiers remove up to **99.9%** of airborne contaminants.
