

WHA 400 UVC AIR PURIFIER

Perfect for larger environments
such as large offices, restaurants,
classrooms and retail shops

Air quality checked at a glance

The colour display will instantly show
you the quality of the air with the
dust sensor able to detect PM 2.5
fine particles.

Removal of ultrafine particles (PM1.0)

Not only fine dust but also
ultrafine particles that are harmful
to the human body are removed.

Smart features

The WHA 400 has smart features
including automatic air volume control,
time setting, sleep mode, etc

Dual-sided suction

Air-holes placed on both
sides of the WHA 400
UVC purify the air by
absorbing polluted air
in the room, including
ultrafine particles.

8-filter dual-sided Air Cleaning System

A total of 8 filters installed on both sides make air cleaning
even more powerful. It completely removes ultrafine
dust, bacteria, germs and harmful substances (ammonia,
hydrogen sulfide, acids, etc).

WHA 400 UVC AIR PURIFIER

TECHNICAL DATA

Size of Unit [h x w x d]	767.5 x 440 x 330
Weight [including filters]	14 kg
Consumption	83W
Reach	Up to 140 sqm
Power	220v. 60hz
Air Intake/Outlet	Sides/Top
Sound Levels [dB]	34.0dB Low 49.0dB High
Colour	Warm White
Air Flow [CADR]	13.0 m³/min
Operating Temp	41 to 105 F
Warranty	3 years parts and labour
Housing Material	UV Stabilised ABS
Configuration	Floorstanding
ESC	Conforms to CE, ETL

Ruhens Air Purifiers are setting the standard in clean air. Our air purifiers remove up to **99.9%** of airborne contaminants.
