

WHA 320 UVC AIR PURIFIER

Perfect for medium to large-sized environments such as offices, restaurants classrooms, waiting areas and retail shops

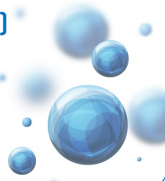

Air quality checked at a glance

The colour display will instantly show you the quality of the air with the dust sensor able to detect PM 2.5 fine particles.

Removal of ultrafine particles (PM 1.0)

Not only fine dust but also ultrafine particles that are harmful to the human body are removed.

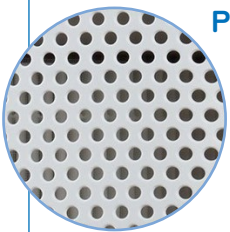

Cluster ionizer

Effectively eliminates germs and odours (colon bacillus, ammonia, etc.) by releasing the cluster ionizer into the air.

Powerful air-cleaning

A total of 6013 air holes on the four sides of the WHA 320 purify the air by absorbing polluted air in the room including ultrafine particles.

4-stage filtration system

Eliminate harmful viruses like dust, bacteria and mildews through the 4-stage filtration system (Pre-filter, deodorization filter, antibacterial filter and HEPA filter).

SMART FEATURES:

- AIR VOLUME CONTROL
- TIMER SETTING
- SLEEP MODE

WHA 320 UVC AIR PURIFIER

TECHNICAL DATA

| | |
|----------------------------|--------------------------|
| Size of Unit (h x w x d) | 710 x 275 x 278 |
| Weight (including filters) | 7.3 kg |
| Consumption | 33W |
| Reach | Up to 70 sqm |
| Power | 220v. 60hz |
| Air Intake/Outlet | Sides/Top |
| Sound Levels (dB) | 19.2dB Low 48.8dB High |
| Colour | Warm White |
| Air Flow (CADR) | 5.04 m ³ /min |
| Operating Temp | 41 to 105 F |
| Warranty | 3 years parts and labour |
| Housing Material | UV Stabilised ABS |
| Configuration | Floorstanding |
| ESC | Conforms to CE, ETL |

Ruhens Air Purifiers are setting the standard in clean air. Our air purifiers remove up to **99.9%** of airborne contaminants.
